## How To Use This Catalog

Please note, in this catalog the description is limited to 50 characters of space. Please reference our full line 2002 Hospital Products Division Product Description Catalog for complete description.

### Purchasing Example:

List number 1158-01 is packaged as 5 inner packs per case. There are 5 units in each inner pack. This item is packaged 25 units to the case. You will be purchasing full cases only. Price is reflective of 5 units. This was done so that your wholesaler can sell in quantities of inner packs (5 units) versus case packs (25 units). If your hospital requires less than case quantities the wholesaler can sell in inner packs.

### YOUR ORDER WOULD BE

5 x 10's = 50 units  
10 x 10's = 100 units  
15 x 10's = 150 units

The shaded value is the "MULTIPLE OF" number for that item.

Please note that all items displayed with a shaded number 1 are priced and sold as full cases, not broken down to inner packs (see sample list number 4532-24).
